

Patient Name	Mukeshbhai U. Parmar	D.O.A.	26.04.2015
Age/Gender	27 / M	D.O.D.	19.05.2015
Address	Goraj, Waghodia	Department	Medicine

Patient presented to us with alleged H/o Monocort poison injection with respiratory failure.

His serum cholinesterase levels were very low (300) [Normal level is 4000 to 10000]

He was on ventilator support for 12 days and also underwent tracheostomy. He was admitted for a period of 24 days and finally discharged home successfully.
