Horizon - from a healthy today to a healthier tomorrow

Patient Name	Puran Singh	D.O.A.	14th March 2016
Age/Gender	28/M	D.O.D.	16th March 2016
Address		Department	ENT
Treating Doctors	Dr. K. K. Rathwala		
Diagnosis	PUBERPHONIA		

SUMMARY (CLINICAL):

A 28 yr male patient who was having a feminine voice since his younger days(puberty) visited our ENT clinic, he was anxious and depressed due to this problem as his social/ personal life suffered, he was not finding a suitable girl for alliance and also didn't get any convincing medical advice at various other hospital. Dr Rathwala (ENT surgeon) successfully diagnosed the case(Puberphonia) and operated the patient for type III Thyroplasty. Now his voice is transformed to male voice and our hero (patient) has found a suitable bride for himself. Bringing back smile on the patient's face is what motivates Parul Sevashram hospital doctor's to work towards a healthier society.
